Reviewer’s report

Title: The Family Planning Quotient and Reproductive Life Index (FPQ/RepLI) tool: a solution for family planning, reproductive life planning and contraception counseling

Version: 1 Date: 25 Jun 2019

Reviewer: Nada Amroussia

Reviewer's report:

My comments/suggestions were well addressed. I have few minor suggestions:

Line 25: I suggest "Access to family planning services is fundamental to improve population health."

Lines 46-47: I suggest "Existing tools may not have been adopted because of lack of evidence showing their efficacy and effectiveness in the clinical setting".

Line 72: you need to define the acronym MEC.

Line 82: I suggest "This tool can/may be used…".

Lines 310-312: I suggest "This tool was developed to facilitate reproductive life planning by giving the patient a better understanding of their reproductive goals and trajectory."

Lines 316-317: I suggest 'it has the potential to be modified for couples' and men's use..."}
