Reviewer’s report

Title: DIScrepancy in perception of infertility and attitude towards treatment options: Indonesian urban and rural area

Version: 0 Date: 03 Jun 2019

Reviewer: Kobra Salehi

Reviewer's report:

In the abstract line 31:

The sentence seems to be incorrect: Despite the high prevalence, there is yet fertility Awareness education.

In the table 2:

Is this item categorized in the identified risk factors? The black magic?

Regarding to the differences in demography between the two groups, could we compare findings between groups? How we can assure that these results are resulted from such differences? Please note this and discuss about it.

Please cite the ethical code.

Please explain about reliability and validity of the questionnaire and the number of its items. Introduce about each domain.

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
Please indicate the quality of language in the manuscript:
