Reviewer's report:

Dear editor

Thank you for asking me to review the article titled "I feel myself incomplete, and I am inferior to people": Experiences of Sudanese Women living with Obstetric Fistula in Khartoum, Sudan. This paper has the potential to develop in a well-written paper but it needs multiple correction and/or re-writing of the content. My largest concern is that they made no mention of any ethic approval to conduct the study. The participants are a marginalized group of women. I was expecting more information on how they were protected from exploitation. See my remarks to the authors for further recommendations.
