Reviewer’s report

Title: The influence of dexamethasone on postoperative swelling and neurosensory disturbances after orthognathic surgery: A randomized controlled clinical trial.

Version: 1 Date: 12 Oct 2017

Reviewer: Anthony Markus

Reviewer’s report:

Thank you for re-submitting this paper.

You have, on the whole, answered my points satisfactorily.

The effect of glucocorticoids on sensory nerve recovery is, in this situation, due more to their ability to reduce oedema, not regenerate. Please make this clear

Apart from this one comment, I would accept the paper without further alteration. It does not need to be further reviewed by me

Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?
If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
