Reviewer’s report

Title: The tablet computer's impact on learning and National Dental Examination scores in orthodontics - a mixed-method research

Version: 0 Date: 23 Feb 2019

Reviewer: Gero Kinzinger

Reviewer’s report:

The tablet computer's impact on learning and National Dental Examination scores in orthodontics - a mixed-method research

Prior to publication, some minor drawbacks should be addressed.

Please find my comments below.

Background:

Lines 66-70: Please add some references to support your statements.

Survey design:

Lines 153-154: "A review of the literature…"

Please add a paragraph further explaining the methods during review of the literature. The result of the literature review should be stated and the included literature should be provided to the reader e.g. as supplement.

Clinical setting:

Lines 180-181: „Students …"

Sample demographics are lacking. Were all students tested on educational background? Were some of the students Dental auxiliary personnel; such as Dental nurse or Dental Technician (CDT). Did some of the students repeat semesters? The latter might have influenced the results. Please discuss.

In the manuscript, the product name „iPad" is mentioned excessively; more than 60 times in the manuscript and in the "Conclusions" 3 times in only 6 lines. "iPad" should be used to specify the term tablet PC (TPC). Otherwise, it might be regarded as some kind of "product placement". Please change.
Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organisation that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests.
