Reviewer's report

Title: Measurement Error and Reliability of three available 3D Superimposition Methods in Growing Patients

Version: 0 Date: 28 Jul 2019

Reviewer: Anthony Markus

Reviewer's report:

Language review - overall very good but there are two long 'sentences' that make no sense. Something is missing. They are

Both Page 17

First para, lines 4-11

Last para, lines 54-59

These need to be corrected

Level of interest

Please indicate how interesting you found the manuscript:

An article of importance in its field

Declaration of competing interests

Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?
6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
