Reviewer's report

**Title:** A multifaceted feedback strategy alone does not improve the adherence to organizational guideline-based standards. A cluster randomized trial in intensive care

**Version:** 4  **Date:** 23 June 2015

**Reviewer:** Jeffrey Braithwaite

**Reviewer's report:**

Major Compulsory Revisions

N/A

Minor Essential Revisions

The text is much improved, but could still benefit from further improvement. This is a useful study and deserves to be cited. It will improve its readability and capacity to be cited if it is better written.

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
