**Title:** The quality of clinical practice guidelines in traditional medicine in Korean: appraisal using the AGREE II instrument

**Version:** 4  **Date:** 20 April 2015

**Reviewer:** Stephanie Polus

**Reviewer's report:**

Minor Compulsory Revisions:

1. Title: Korean does not seem to be right and probably should be "Korea"
2. Abstract, background: "further enhance the development" is missing the object, development of what? Should be added.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I have no competing interests to declare.
