Reviewer's report

Title: Use of concept mapping to characterize relationships among implementation strategies and assess their feasibility and importance: Results from the Expert Recommendations for Implementing Change (ERIC) study

Version: 3 Date: 5 July 2015

Reviewer: Henna Hasson

Reviewer's report:

The authors have addressed all the comments I made. The revised version of the paper provides a clear description of the study and its findings. I have no further comments on the paper.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
