Reviewer's report

Title: Associations between implementation characteristics and evidence-based practice sustainment: A study of the adolescent community reinforcement approach

Version: 2
Date: 26 August 2015

Reviewer: frances dark

Reviewer's report:

No major revisions
Minor essential revision
p7 second paragraph, line 4...that are"oftentimes" (often would suffice)
p17 second paragraph, line 4 ..some organisations that we queried (?interviewed, surveyed)

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
