**Reviewer’s report**

**Title:** How do stakeholders from multiple hierarchical levels of a large provincial health system define engagement? A qualitative study

**Version:** 2  **Date:** 25 May 2017

**Reviewer:** Valerie Albert

**Reviewer's report:**
In my opinion, modifications done in structure of results in the text and table are satisfying. Figure 1 is of great interest and an added value to the manuscript. However, definition provided on page 18 should be revised, as it is too long and quite confusing. The new formulation should be proposed in the abstract as well.
