Title: Community-based participatory research and integrated knowledge translation: advancing the co-creation of knowledge

Version: 2 Date: 28 Nov 2017

Reviewer: Gill Harvey

Reviewer's report:

Thank you for the opportunity to review the revised manuscript. The changes made by the authors have addressed the concerns I previously raised and this has produced a tighter, more analytical comparison of the two research approaches (CBPR and IKT). This will be a helpful contribution to the field of Implementation Science.
