Title: Twitter Use at the 2016 Conference on the Science of Dissemination and Implementation in Health: Analyzing #DIScience16

Version: 0 Date: 27 Dec 2017

Reviewer: Ann McKillop

Reviewer's report:

This is a very interesting article that explores a relatively new communication format with important implications for implementation science. The methods have been described very clearly and indicate novel ways of analyzing text, reach and impact. The findings are relevant and documented with clarity. Limitations are also well acknowledged and relevant.

Thank you for the interesting interpretations and insights presented in this article.
