Title: Reduction of antibiotic prescriptions for acute respiratory tract infections in primary care: a systematic review

Version: 1 Date: 16 Jan 2018

Reviewer: Kathryn Suh

Reviewer's report:

Thank you for taking all of the reviewer comments into consideration. There is more depth and clarity in the revision, and the revisions provide greater understanding for readers. Those involved in antimicrobial stewardship in particular will find this interesting and clinically relevant.

There remain some minor editorial corrections to be made (grammatical, minor wording) and some typographical errors - these should be identifiable with a thorough re-read of the manuscript. Please ensure that "chiolones" (line 524) is changed to "quinolones".
