Reviewer’s report

Title: Computerized clinical decision support system for diabetes in primary care does not improve quality of care: a cluster-randomized controlled trial

Version: 1 Date: 01 Nov 2019

Reviewer: Patrick O'Connor

Reviewer's report:

The edited manuscript is much improved. There are just a couple things left to consider:

1. Discussion: In responding to earlier comments from reviewers, you have introduced redundancy in several places in the manuscript. Please have a copy editor go through and cut about 20-25% off the length of the Discussion Section, to eliminate some of these redundancies.

Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field

Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?
6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
