Reviewer’s report

Title: Revisiting the psychometric properties of the Scoliosis Research Society-22 (SRS-22) French Version

Version: 0 Date: 03 Dec 2016

Reviewer: Paul Sponseller

Reviewer's report:

The author fills a need in the field of spinal deformity assessment. It seems to be well done methodologically. It should be available for use by the profession.

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
Please indicate the quality of language in the manuscript:
