Reviewer's report

**Title:** Comparison of Two Different Mechanical Esophagogastric Anastomosis in Esophageal Cancer Patients: A Meta-analysis

**Version:** 2  **Date:** 6 January 2015

**Reviewer:** masaru honda

**Reviewer's report:**

Minor essential revisions

I think this article is well written.

But please re-check whole documents because I found many lacks of spacing between words and the end and beginning of the sentences.

So please read instructions for authors and revise as mentioned above.

You can also find misspelling and duplication of some words.

Figures are less visible so please revise for easy to read.

**Level of interest:** An article of outstanding merit and interest in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
