Reviewer's report

Title: Possibility of determining the degree of adhesion of the lymph node to the pulmonary artery preoperatively

Version: 2 Date: 21 June 2015

Reviewer: Gregor Jan Kocher

Reviewer's report:

As already stated before, this study deals with an interesting and important topic in thoracic surgery. I congratulate the authors to their contribution and, after a thorough revision of the manuscript, recommend to accept the paper for publication now.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
