Reviewer’s report

Title: High dose statin prophylaxis in cardiopulmonary bypass related surgery: clinical utility. A randomised controlled trial.

Version: 0 Date: 06 Mar 2017

Reviewer: Nevzat Erdil

Reviewer's report:

1. This paper was well written and design. But I think the number of patients is not sufficient for this study. The power analyses should be required in this study statistically. There are many factors that affect the response to systemic inlamatuar. More parameters should be assessed with a wider patient population

2. Preoperatively two weeks are very long time in patients undergoing CABG. In which patient do you think to give statin therapy preoperatively? After your study did you start to give high dose statin therapy in your patients routinely.

3. What are the hepatic effects of statins in patients undergoing CABG with cardiopulmonary bypass? Did you evaluate to hepatic functions in study patients. And What do you think about this subject?

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
Please indicate the quality of language in the manuscript:

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?
4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
