Reviewer’s report

Title: RhoA/Rho-Kinase, Nitric Oxide and Inflammatory response in LIMA during OPCABG with Isoflurane Preconditioning

Version: 0 Date: 06 May 2018

Reviewer: Eduardo Rocha

Reviewer's report:

I would like to see a flowmeter with measures that could give simpler data and goals for reading.

A Doppler system is simple and inexpensive.

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?
If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I have no conflict.
