Reviewer’s report

Title: Adult lung transplantation case-volume and in-hospital and long-term mortality in Korea

Version: 0 Date: 27 Nov 2018

Reviewer: Marco Anile

Reviewer's report:

Dear Author,

The paper is well written but the issue is not enough interesting because of the limitations of your study. The main is that the cut-off and the difference of numbers between high volume and low volume is inadequate to perform a strong statistics. The discussion is potentially interesting but the sense of this paper is poor. As suggestion, you can compare the only really high volume center with the other centers.

Level of interest
Please indicate how interesting you found the manuscript:

An article of limited interest

Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?
5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I have no competing interests
