Reviewer’s report

Title: Removal of tumor thrombus from the azygos vein in an esophageal squamous cell carcinoma patient

Version: 0 Date: 19 Jan 2020

Reviewer: Mariana Floria

Reviewer's report:

This is an interesting case report. What is the medical history of this patient? No cardiovascular disease? Smoker? I suggest putting some medical history data. What means NACT? Neoadjuvant chemotherapy? Please explain all acronyms on his first utilization. CT images is too small. I suggest to the authors to make zoom on the lesion to enlarge these images.
