Reviewer’s report

Title: Cardiac surgery in acute myocardial infarction: Crystalloid versus blood cardioplegia – an experimental study

Version: 0 Date: 24 Oct 2019

Reviewer: Lucian Florin Dorobantu

Reviewer's report:

Congratulations for a very interesting article; even that the results found by the authors seem logical for a cardiac surgeon, the lack of evidence in the literature and the lack of consensus regarding this subject makes this article an important instrument to manage the myocardial protection during surgery in acute myocardial infarction.
