Title: Giant unruptured sinus of Valsalva aneurysm successfully managed with valve-sparing procedure – a case report

Version: 0 Date: 13 Nov 2019

Reviewer's report:

Dear Authors,

Your manuscript is well written, however it deserve some comments.

A reference in the Conclusions paragraph is not usual (line 37): it is better to remove it.

Have you a volume rendering of the giant sinus to replace panel B in figure 1? Have you a longer follow-up? There are excessive references; you can cut some of them.
