Reviewer’s report

Title: Giant unruptured sinus of Valsalva aneurysm successfully managed with valve-sparing procedure – a case report

Version: 0 Date: 18 Nov 2019

Reviewer: Vivek Srivastava

Reviewer's report:

Dear Authors

Thank you very much for your submission.

I found it well written with good structure.

It is an interesting scenario.

Valve sparing root replacement in an established procedure with aortic root aneurysm.

In this particular case, there is added complexity requiring additional modifications to the procedure.

Congratulations on achieving a successful outcome.

Thank you again for considering the journal for your submission.
