Reviewer's report

**Title:** Prevalence of active foot disease and foot disease risk factors in a subacute inpatient rehabilitation facility. A cross-sectional prevalence study

**Version:** 2  **Date:** 8 July 2014

**Reviewer:** Gordon Hendry

**Reviewer's report:**

The authors have made substantial revisions in response to suggestions for improvement. I would like to thank the authors for their efforts in extensively revising this manuscript and for responding so clearly and efficiently to my comments.

The manuscript has been significantly improved and is now acceptable for publication.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests
