Reviewer’s report

Title: The associations of leg lean mass with foot pain, posture and function in the Framingham Foot Study

Version: 2 Date: 9 July 2014

Reviewer: Jinsup Song

Reviewer’s report:

Excellent manuscript overall. No Major Compulsory Revision is required.

Minor Essential revisions:
Recommend changing conclusion in the abstract. While the conclusion is not technically incorrect, I don't think it summarizes the findings of the study. Also, conclusion is mis-spelled.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
