Reviewer’s report

Title: Stiffness modification of two ankle-foot orthosis types to optimize gait in individuals with non-spastic calf muscle weakness - a proof-of-concept study

Version: 1 Date: 23 Jun 2019

Reviewer: Nachiappan Chockalingam

Reviewer's report:

The manuscript has benefitted from the changes. I would like to suggest a couple of further changes to reach a wider audience. Can you please include some commentary on how "stiffness" and "ankle power" was calculated. I know you provide a reference but I think a short explanation and your justification for adopting that methodology will strengthen the paper.

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
