Title: Effect of contact with podiatry in a team approach context on diabetic foot ulcer and lower extremity amputation: systematic review and meta-analysis

Version: 0 Date: 05 Dec 2019

Reviewer: Lisa Farndon

Reviewer's report:

Thank you for the opportunity to review this in-depth and interesting paper, which has some important recommendations for future research to highlight the role the podiatrist has on DFU and LEAs.

I only have a few comments for the authors to consider:

Page 2 line 54 - infectiology? please re-phrase

Page 4 - Can the research question be reworded slightly - the effect of contact with a podiatrist or podiatric practice?

Page 8, line 38 'his' can this be changed so it is gender neutral?

Page 12, line 44/45/46 - again can the gender be made neutral?

I would recommend a thorough proof read to correct some grammatical errors.
