Reviewer's report

Title: Interest in genomic SNP testing for prostate cancer risk: A pilot survey

Version: 2  Date: 11 February 2015

Reviewer: Morgan Butrick

Reviewer's report:

The authors have thoughtfully made the requested corrections and I now believe the article is worthy of publication.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

No competing interests.
