Reviewer’s report

**Title:** Late onset asymptomatic Pancreatic Neuroendocrine tumor - A case report on the phenotypic expansion for MEN1

**Version:** 0  **Date:** 15 Apr 2017

**Reviewer:** Gabriela Moeslein

**Reviewer's report:**

This is an interesting case report that adds to available information and phenotype of MEN1 Mutation carriers.

I would like to suggest to include a short Review on a possible association of EN1 with the mentioned lymphoma, that the Patient described was diagnosed with. There might be some evidence, that there is an association with the deleterious Mutation.
