**Reviewer’s report**

**Title:** Motivators and barriers of tamoxifen use as risk-reducing medication amongst women at increased breast cancer risk: A systematic literature review

**Version:** 1  **Date:** 08 Sep 2017

**Reviewer:** Cecilie Heramb

**Reviewer’s report:**

Superb! Very nice edit. Easy to follow the logic and arguments. A joy to read.

Thank you very much for the opportunity to evaluate your mns.

In the middle of page 8 there are some references placed in front of the headline Preference for other forms of breast cancer reduction. I suppose this will be deleted.

The very best of luck.

**Level of interest**

Please indicate how interesting you found the manuscript:

An article of importance in its field

**Quality of written English**

Please indicate the quality of language in the manuscript:
