Reviewer’s report

Title: A family pedigree of malignancies associated with BRCA1 pathogenic variants: A reflection of the state of art in China

Version: 1 Date: 05 May 2019

Reviewer: Magdalena Ratajska

Reviewer's report:

The authors improved the manuscript significantly. However, there are some minor corrections required.

1) Page 4, line 94 - please provide the BRCA1 variant.

The same referees to supplementary materials - it is not clear what was the nature of the variant. I assume it might be a deletion of entire exon 8???. That needs to be corrected.

2) Pedigree: for alive individuals do not use "Death: N/A", just insert the diagnosis and the age of onset.

Regarding the way of presentation for other cancers - please check the https://www.ncbi.nlm.nih.gov/pubmed/18792771 for recommendations.

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
Please indicate the quality of language in the manuscript:
