Reviewer's report

Title: Improving recruitment to a study of telehealth management for long-term conditions in primary care: two embedded, randomised controlled trials of optimised patient information materials

Version: 2  Date: 12 June 2015

Reviewer: Deborah Fitzsimmons

Reviewer's report:

The paper requires careful review and revision as there many issues in the grammar, punctuation, phrasing, and referencing.

Level of interest: An article of importance in its field

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
