Reviewer’s report

Title: Effects of acupuncture on serum metabolic parameters in premenopausal obese women: study protocol for a randomized, patient-assessor blind, sham-controlled clinical trial

Version: 2 Date: 24 June 2015

Reviewer: Cun-Zhi Liu

Reviewer’s report:

The authors reported the protocol which investigated the effect of acupuncture on serum metabolic parameters in premenopausal obese women. The concerns which arose before have been solved or explained. I believe it could be published.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
