Reviewer's report

Title: Evaluating the use of fibrin glue for sealing of low-output enterocutaneous fistulas: study protocol for a randomized controlled trial

Version: 2 Date: 16 July 2015

Reviewer: Zhaoxiang Bian

Reviewer's report:

Major revision is needed. Majorly in the following points
1. Provide the detailed information of pilot study, which is the sample size calculation base
2. Please strictly follow the Protocol Format from AW Chan, published in BMJ
3. Please revise the writing of English.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
