Reviewer’s report

Title: The REstart or STop Antithrombotics Randomised Trial (RESTART) after stroke due to intracerebral haemorrhage: statistical analysis plan for a randomised controlled trial

Version: 0 Date: 17 Dec 2018

Reviewer: Shengyuan Luo

Reviewer’s report:

The authors report the statistical analysis plan of a clinical trial to investigate the benefit and risk of restarting anti platelet medication in survivors of ICH. The manuscript is coherently written, and this is a topic of clinical importance. I offer the following suggestions:

1) The analysis plan appears to be intention-to-treat. I agree that this is the appropriate approach but would suggest considering the possibility of ancillary per-protocol analysis.

2) The authors may not have planned this a priori but an analysis with all-cause death as outcome could be interesting and helpful for answering the research question.

Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field

Quality of written English
Please indicate the quality of language in the manuscript:

Acceptable

Quality of figures
All images and figures within the manuscript should be genuine i.e. without evidence of manipulation. No specific feature within an image may be enhanced, obscured, moved, removed, or introduced. If you have concerns about the veracity of the figures you should choose the first option below.

Statistical review
Is it essential that this manuscript is seen by an expert statistician? If so, please give your reasons in your report.

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.
