Reviewer's report:

The manuscript can be published in its current form. Here are a few editing suggestions:
- Table 1: Still difficult to read. Maybe adapt or drop entirely.
- The authors mention in the p-b-p response that they did a systematic literature search. This should be also clearly mentioned within the protocol.
- Figure 2: Time points and abbreviations are still unclear.
- Page 22; line 22: Replace "Recruitment will be finished on March 31, 2020" by "We estimate that recruitment will be complete by March 31, 2020"
