Reviewer’s report

Title: Comparison between logbook-reported and objectively-assessed physical activity and sedentary time in breast cancer patients: an agreement study

Version: 0 Date: 24 Oct 2016

Reviewer: Samantha Harrison

Reviewer's report:

The manuscript is well written and detailed. I have provided some comments below for your consideration.

* I am under the impression that manufacturing of the Senewear products has been discontinued, at least in the UK. Therefore it would be interesting if you could comment on the accuracy of the sensewear compared to other activity monitors - can these finding be transferred to other measures of objective physical activity?

* I believe table 1 and the presentation of the baseline characteristics of the sample would be better reported in the results section of the manuscript.

* As with physical activity data collected in other populations the variability (SDs) is huge. This would be worth commenting on and the presentation of 95% confidence intervals might be helpful.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
I am able to assess the statistics

**Quality of written English**
Please indicate the quality of language in the manuscript:

Acceptable

**Declaration of competing interests**
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare I have no competing interests
