Reviewer’s report

Title: Hemophagocytic lymphohistiocytosis presenting in a pediatric patient with near total colonic and small bowel aganglionosis: a case report

Version: 0 Date: 04 Jun 2017

Reviewer: Imtiaz Wani

Reviewer's report:

1. Do you believe the case report is authentic?

Yes/

2. Do you have any ethical concerns? Please consider if local Institutional Review Board approval or ethical approval was obtained (if appropriate) and if the patient (or their parent or guardian in the case of children under 18) gave written, informed consent to publish this case and any accompanying images. A statement to this effect should appear in the manuscript.

Comments: No

3. Does the Introduction explain the relevance of the case to the medical literature?

Needs to be expanded

4. Does the article report the following information:

b. The relevant physical examination findings; yes

c. Important dates and times in this case (if appropriate, organized as a timeline via a figure or table); if specific dates could lead to patient identification, consider including time relevant to initial presentation, i.e. initial presentation at T = 0, follow up at T = 1 month.

d. Diagnostic assessments, including: yes
   - Diagnostiye

6. Is the anonymity of the patient protected? Please consider any identifying information in images such as facial features or nametags, whether the patient is named etc. If not, please detail below.
7. Is the Abstract representative of the case presented?
   Comments: yes

8. Does the case represent a useful contribution to the medical literature?
   Comments: yes

9. Additional comments for the author(s)?
   A good case report but needs some fine tuning

**Level of interest**
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

**Quality of written English**
Please indicate the quality of language in the manuscript:
