Reviewer's report
Title: Pulmonary Arterial Hypertension in a Patient Treated with Dasatinib

Version: 0 Date: 09 Sep 2017

Reviewer: Kam Cheong Wong

Reviewer's report:
1. Do you believe the case report is authentic?
Yes.

2. Do you have any ethical concerns? Please consider if local Institutional Review Board approval or ethical approval was obtained (if appropriate) and if the patient (or their parent or guardian in the case of children under 18) gave written, informed consent to publish this case and any accompanying images. A statement to this effect should appear in the manuscript.
Comments: No.

3. Does the Introduction explain the relevance of the case to the medical literature?
Yes.

4. Does the article report the following information? Where information is missing, please specify.
   a. The relevant patient information, including:
      - De-identified demographic information (age, gender, ethnicity)
      - Main symptoms of the patient
      - Medical, family and psychosocial history
      - Relevant past interventions and their outcomes

   b. The relevant physical examination findings

   c. Important dates and times in this case (if appropriate, organized as a timeline via a figure or
table); if specific dates could lead to patient identification, consider including time relevant to initial presentation, i.e. initial presentation at $T = 0$, follow up at $T = 1$ month.

d. Diagnostic assessments, including:
   - Diagnostic methods
   - Challenges (e.g., financial, language/cultural)
   - Reasoning and prognostic characteristics (e.g., staging), where applicable

e. Types and mechanism of intervention

f. A summary of the clinical course of all follow-up visits

Comments:

MISSING INFORMATION. ACTION NEEDED:
4.1 The case presentation should include the patient's ethnicity.
4.2 The patient's progressive clinical features e.g. symptoms and signs prior to April 2015 (if applicable)
4.3 The patient's progressive vital signs should be included as appropriate.
4.4 The patient's other comorbidities, regular medications, relevant social and family histories should be included.
4.5 Was the pleural effusion investigated using the Light's criteria for pleural effusion?
4.6 Biochemistry readings such as total serum protein, serum LDH, pleural fluid protein, and pleural fluid LDH and their associated Light's criteria computation pre & post intervention should be provided in a table. The biochemistry data could be used to compute the Light's criteria for pleural effusion. These data could potentially be useful for other researchers to pool into a case-series analysis in the future.
4.7 Table 1 and 2: Pre & post intervention should be included in the heading of the table in addition to the dates.

5. Is the interpretation (discussion and conclusion) well balanced and supported by the case
presented?
Comments: Yes

6. Is the anonymity of the patient protected? Please consider any identifying information in images such as facial features or nametags, whether the patient is named etc. If not, please detail below.
Yes.

7. Is the Abstract representative of the case presented?
Comments: Yes

8. Does the case represent a useful contribution to the medical literature?
Comments: Yes.

9. Additional comments for the author(s)? ---

Level of interest
Please indicate how interesting you found the manuscript:
An article of importance in its field

Quality of written English
Please indicate the quality of language in the manuscript:
Acceptable

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or
has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests.
