Reviewer's report

Title: Case Report of Rapid Cognitive Decline in a Patient with Chronic Lymphocytic Leukaemia

Version: 0 Date: 01 Sep 2019

Reviewer: Ahmet Emre Eskazan

Reviewer's report:

I have reviewed this manuscript. This is a nicely presented work, which for my point of view, deserves publication. However, a few modifications should be done.

1) The duration of CLL diagnosis should be shared. And also, if any treatments were given prior to ofatumumab + chlorambucil, these should be stated as well.

2) The CBC in details (leucocyte and lymphocyte counts) should be stated.

3) At the time of PML diagnosis, if available, the distribution of T cell subsets (CD4, CD3, CD8) should be shared and discussed.

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
