**Reviewer's report:**

Thank you for your work on revising this manuscript. The revisions are clearly identified and I appreciated the thoughtfulness provided in the response to reviewers. From my perspective the manuscript should now be accepted for publication. There are a few very minor formatting/grammatical revisions I would recommend. I do not need to see the manuscript again.

The words "common" and "commonly" are used twice in this sentence. I would suggest removing the word "commonly" to avoid repetition.
