SYSR-D-18-00329 The impact of musculoskeletal injuries sustained in road traffic crashes on work-related outcomes: protocol for a systematic review

Thank you for the opportunity to work with the journal reviewing this manuscript, please see below for my comments.

1. Please correct some grammatical errors such as the capital letter in line 109.
2. The protocol for this particular issue aiming facilitate further systematic review seems to have a big impact on the national level and potential role to play with a change in health system. However, we need more complete protocol before making a final decision to proceed with accept or minor revision. Such deficient as a lack of table 1 make this manuscript incomplete despite it is very interested from practical standpoint.
