WOMEN's Knowledge of Obstetric Danger signs in Ethiopia (WOMEN's KODE): a systematic review and meta-analysis

The systematic review reports on an important public health problem on women's population with sparse evidence in sub-Saharan Africa with special Ethiopia. The knowledge of which would reduce mortality and morbidity among women's population.

The review have been thoroughly reviewed by a numbered of seasoned reviewer and the authors have responded to the issues raised in the question. It makes an easy read. Well done to the authors and reviewers! The review has great potentials. I wish the authors well in their academic endeavours.
