Reviewer's report:

The following minor comments need to be addressed to improve the quality of the manuscript;

1. Authors should exclude 'Type of included studies' and 'Challenges faced and support available' from the 'search method' subheading and write them also under their respective subheadings to make it clearer to readers.

2. Please mention the initials of the two authors who extracted data and also report their level of agreement.

3. How missing date were handled during the data extraction. Authors should mention is in a separate subheading.

4. Please mention in the 'data analysis' section that no formal meta-analysis was conducted in this review.

5. Conclusion of this review should explicitly be mentioned under a subheading.
