Title: Challenges and Support for Quality of Life of Youths Living With HIV/AIDS in Schools and Larger Community in East Africa: A Systematic Review

Version: 1 Date: 14 Dec 2018

Reviewer: Ram Bajpai

Reviewer's report:

Authors have substantially changed their manuscript to improve quality of the manuscript. However, the following minor points need to be addressed by authors;

1. I could not see PROSPERO registration number with this review. Please add a statement with number to the method section. I hope that this review should have been registered with PROSPERO.

2. I could not find adherence statement and reference to PRISMA.

3. In table 1, it would be better to add mean age with range if available to participants' details. I also think the 'Data collection method' word should be replaced with the 'study design' [it is up the authors, not compulsory].
