Reviewer’s report

Title: Influence of adjuvant antibiotics on fistula formation following incision and drainage of anorectal abscesses: A systematic review protocol

Version: 1 Date: 27 Dec 2018

Reviewer: Peter Ambe

Reviewer's report:

The protocol submitted by Baker et al. is designed to investigate a very useful clinical question.

I am convinced that findings from the final systematic Review would improve the Management of this difficult subgroup of patients.

Nice manuscript.

Please correct the spelling error in line 102, pg 5: resource / recourse

Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field that should be highlighted to relevant networks

Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the
4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.
