Title: A systematic review protocol on small/kiddie cigarette packaging size and its impact on Smoking

Version: 3 Date: 10 Sep 2019

Reviewer's report:

The authors have addressed most points raised by the reviewers. The authors have the right to maintain their research question. I am open to feedback from wide community once the review is published. The only comment I have is regarding "population". Currently it is stated as "We will include all smokers and non-smokers that have the urge/ tendency to buy kiddie packs and attempts to reduce cigarette consumption.", which overlaps significantly with "Outcome". Something as simple as "The public" may be sufficient for "Population". My 2 cents. It is up to the authors to change it or not.
