Title: Sedentary Behaviour in hospitalised older people: a scoping review protocol

Version: 2 Date: 27 Jan 2020

Reviewer's report:

Thank you for making the changes. I appreciate the focus being clarified. Please consider removing the repetition of presenting in a table format when at the start of presentation of results you say it may be a table or a diagram. I think it may be better to have both: table of study characteristics that then help you summarise these into a map that can be useful for future research.
